

Fork Mounted Sweeper

Fork Mounted Sweeper - This particular accessory actually makes industrial sweeping jobs a lot easier to accomplish. The handy forklift mounted broom is designed for use with either wet or dry material clean ups. It could push snow and squeegee water without problems. This attachment is usually used to clean trash from warehouses, construction sites, docks, parking lots and practically everywhere it is required. The forklift sweeper is a low maintenance accessory that uses quick-tite fork products to effortlessly attach to the forklift.
