

Axle Tech Parts

Axle Tech Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for technology, delivery, quality and service. They believe in working in an environment which supports the utmost integrity with empowered teamwork, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of environmental safety and stewardship in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to provide them with whatever comments or questions, since they are glad to share and promote this policy with a greater knowledge of their efforts. They are very dedicated to preserving and improving the natural environment. AxleTech has an EHS program that not only protects the natural environment but which also actively protects their neighbors and workers too.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles utilized for both military and commercial applications. These applications vary from construction equipment to airport ground support. AxleTech specially designs axles to meet particular application demands. They have over 1000 various axle specs within their present offering. With more than one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in numerous military and commercial applications. They provide complete axle assemblies for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be seen in the "ISAS" product collection.
