

Forklift Spreader Bar

Forklift Spreader Bars - ELME has been proudly operating ever since 1974, becoming the biggest independent spreader maker all-around the globe. They are a devoted manufacturer of spreaders utilized for a lot of several applications like the trailers, handling of containers and swap bodies.

Engineering is done in house by way of utilizing the most up-to-date FEM tools and CAD systems. The ELME business presently has more than one hundred twenty five workers. Their spreaders are supplied to reach stackers, straddle carriers, lift trucks, gantry, quayside and ship-to-shore cranes around the world.

The product range of ELME consist of a lot of spreaders utilized for a variety of trailer and container handling operations. Some of their inventory include: Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes plus a wide range of additional parts.

ELME production and manufacturing is performed in a highly automated purpose built factory. In the year 2008, they made over 1150 spreaders by means of utilizing top quality elements in order to guarantee reliability and top standards while offering reasonable prices. Major characteristics of ELME consist of design simplicity, market reaction and ground-breaking modular spreader concept.
